

DETROIT SECTION LIGHTING EDUCATION

May 2009

Join us Tuesday , May 12th at 5:30 pm at the Westin Hotel in Southfield, MI, for "What's Going On? Lamps, Ballasts, and Drivers: Oh My!" with TeLaza Arrington and Gary Zaffino.

With so many new products, rules, and guidelines coming at an ever increasing pace, "What's Going On? Lamps, ballasts, and drivers: Oh My!" is a discussion and update of technologies, trends, and Legislation that are influencing the types of lamps and ballasts that have been and are currently being introduced into the market. TeLaza's and Gary's discussion will include LED's, EISA Legislation, NEMA premium, Environmental, and Energy Savings trends.

5:30 - 6:00 Gather and network

6:00 - 7:00 Dinner

7:00 - 8:30 Presentation

COST

Member -\$20

Non-member -\$30

Student -\$10

Please RSVP.

RSVP by 5/7/09 to Joe Oranchak via email at jroranchak@cs.com.

About the presenters:

TeLaza Arrington - is new to the Lighting industry and currently works for Philips Lighting Electronics (formerly known as Advance Transformer Company) as a National Account Manager/Specifications Manager in the Midwest. In this role, she works directly with the end-user on large retrofits and new construction opportunities, and is a member of Chicago IES since January.

Gary Ziffino - is celebrating 26 years with Philips Lighting. He started with Advance Transformer Company back in 1983. 5 years in design & testing the first generation of the linear T12 and T8, Advance Mk VII controllable ballasts. 6 years in Technical Support. 15 years in Sales & Marketing

DETROIT SECTION LIGHTING EDUCATION

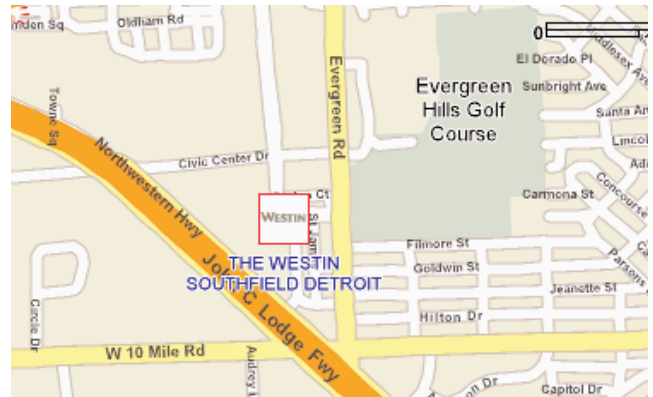

Tuesday, May 12th, 2009:

Lamp and Ballast Update

"What's Going On? Lamps, Ballasts, and Drivers: Oh My!"

Westin Hotel
1500 Town Center, Southfield, MI 48075

\$20 Members/\$30 Non-Members/\$10 Students. RSVP
as soon as possible to Joe Oranchak via email at:
jroranchak@cs.com.

The IES offers continuing lighting education programs each month featuring many nationally known lighting designers, researchers, and educators. The programs provide an opportunity to gain new knowledge in the evolving field of lighting and to meet people in the lighting and design professions. Architects, interior designers, and students are encouraged to attend. Please plan to attend and pass our announcements on to others.
